5. Reserved for Belgium Rugby

The Belgian Rugby Federation confirms that it has been informed of the aforementioned away trip and expressly authorizes both the trip itself and the staging of a match between the away team and the home team. Please note that it is essential to ensure that all participants in this tournament – whether players or accompanying persons – are covered by insurance taken out by the visiting club in accordance with current legislation. In order to be covered by the relevant sports insurance, a player representing a Belgian club must hold a valid, current player's license issued by their respective league.
